“It’s Gotta Be Fun”

October 2011

Breakfast Club at St. Pete Beach

by ROBERTa Rauch

Early on a sunny September 17th, 20 or so FSMGCC folks gathered on the covered patio of Skidder’s Restaurant on St. Pete Beach for Breakfast Club.

After a fine filling meal, we departed in various top-down MGs (and such) a few miles down Gulf Blvd. and Pass-a-Grille Way to the Gulf Beaches Historical Museum. The gracious volunteers there had arranged with the local cops for special safe parking for our group.

Volunteer Gladys Joseph gave the group an overview of the history and nature of this museum. The Pass-a-Grille Community Church was the first church of the Tampa Bay barrier islands. It was built in 1917, remained a church until 1959 when Mrs. Joan Haley bought it and turned it into her home. At her death, she left it to Pinellas County. It opened to the public as the Gulf Beaches Historic Museum in 1993.

After Mrs. Joseph’s introduction to the museum, we were turned loose to savor the

many exhibits including area photos from the early 20th century, a WW II exhibit, the Silas Dent Story, Don Cesar artifacts and memorabilia from the local Sunshine and Gulf Beaches Schools. Yes, we spotted our own FSMGCC Member, Rich Olson, when he was in 6th grade at Sunshine School!

We all enjoyed the fellowship of the morning, learning about some history of our local Gulf Beaches and, of course, some tire-kicking in front of the Gulf Beaches Historical Museum.

The Florida Suncoast MG Car Club Monthly Minutes Summary September 14, 2011

President Glenn Lenhard called the meeting to order at 7:45 p.m.

The Secretary's Report and the Treasurer's Report were approved as presented.

Membership Report: There are currently 79 member/families.

Regalia: Contact Barrie Carson if you would like to purchase any club regalia.

Activities:

Past Activities:

- August 13 –Breakfast at Tiffany’s Restaurant and caravan to the Ferrari Dealership for their “Cars and Coffee” was a nice event and was well-attended
- August 27 – Many members met at the Hangar Restaurant for breakfast.

Future Activities: Glenn outlined the upcoming activities. See Activities in this newsletter.

Fellowship: Bob Cannarella is home after another surgery. Gail spoke to John Soler who said his wife, Patricia, was doing well. They hope to be at the All British Car Show in Safety Harbor.

Newsletter: Deadline for articles is September 20th.

Old Business:

NAMGAR Regional event for April 2013 – Bruce & Bert Rauch will be contracting with the Safety Harbor Spa in behalf of our Club for the NAMGAR Regional of Tampa Bay which will be from April 10 – 14, 2013.

New Business:

- Steve McDowell has resigned as Vice President due to work conflicts. The Club decided that a replacement wasn’t necessary because elections will be held within the next two months.
- The British Motor Classics has requested that FSMGCC take over the Davis Island Festival Car Show in 2012. No decision was made about this.
- A Nominating Chairperson is needed for 2012 Officers & Board of Directors. If you are interested in any office or Board position, please contact Glenn.
- There will be a Board of Directors Meeting on Wednesday, October 5th – location – TBA.

The meeting adjourned at 8:28 p.m.

Gail Lenhard, Secretary

Bold type is a club sponsored event

October

1: Lift Day @ Glenn’s MG Repair, 3130 39 Ave N, St. Petersburg, FL 33714. This will be an interclub event. All clubs invited.

1: British Car Classic Mk XXIII, sponsored by MG Classics of Jacksonville. www.mgclassics.org/mgclassics

8: MacDill Cars & Coffee at MacDill Air Force Base. 8:00 - 10:00; AM. Pre- registration is required. E-mail MacDill.Cars@hotmail.com no later than Oct 1, 2011 with: 1, Full name of all cars occupants; 2, Color, make and model of car; 3, Driver License state and number; 4, Address; 5, Date of birth 6, Phone number

8: Cars and Coffee at Ferrari of Tampa Bay, 7:30 to 11 AM, 2420 Tampa Road, Palm Harbor 34683 727-784-3377

12: Regular Business Meeting 7:30 pm. @ The Hangar Restaurant & Lounge, 540 First Street SE, St. Petersburg, FL 33701. 727-823-7767 Board of Directors Meeting at 6 PM—all members invited to attend, prior to the regular business meeting. Bert & Bruce Rauch will have a presentation from their recent trips

14 &-15: Southeastern GOF MK XVI, Athens, Georgia. <http://semgtr.org/index.html>

14 &16 (Fri-Sun): Lake Mirror Classic Car Auto Festival is one of the premier regional automobile shows in the southeastern United States. Visit the website for additional information. www.lakemirrorclassic.com/event

15: Gymkhana, 8 AM to 4 PM Hernando County Airport. \$30 (includes lunch!) Requirements: A car. (if it's streetable and doesn't have parts falling off, it should be okay) A driver. (fully licensed) And each driver must work the course for about an hour. (we'll show you what to do) Must be on-site by 9am, as we don't man the gate later than that. Helmets are required, but we have plenty of loaners available. http://myautoevents.com/pls/mae/frmEventDetail.Show?psevent_id=12619

October 30	Marion Galambos
October 31	Teri Milligan

Our best get well wishes are going to Bob Cannarella who is home recovering from neurosurgery.

EPA Finalizes Significant New Use Rule for Motor Vehicle Refrigerant

Agency Acknowledges ASA's Concern for Consumer Use

WASHINGTON, D.C. — The U.S. Environmental Protection Agency (EPA) has issued a significant new use rule (SNUR) under the Toxic Substances Control Act (TSCA) for the chemical substance identified as 1-Propene, 2,3,3,3-tetrafluoro, also known as HFO-1234yf. The action requires persons who intend to manufacture, import or process the chemical substance for a use that is designated as a significant new use by this final rule to notify the EPA at least 90 days before commencing that activity. The EPA believes this action is necessary because the chemical substance may be hazardous to human health. The required notification would provide the EPA with the opportunity to evaluate the intended use and, if necessary, to prohibit or limit that activity before it occurs.

In a letter to the U.S. EPA earlier this year, the Automotive Service Association (ASA) expressed concern with the substitution of HFO-1234yf because it poses some risk to those handling the product, particularly non-professionals or do-it-yourself (DIY) consumers. ASA asked that the EPA include both a certification process and an equipment requirement for any purchasers of HFO-1234yf due to the flammability of the proposed substitute.

The EPA significant new use rule states that the substance is to be used only as a refrigerant in new motor vehicles, and that any other use must first be approved by the EPA. The agency is also considering a proposed rule that falls under the Significant New Alternatives Policy (SNAP) that would allow for the use of 1234yf as a substitute for R-12 in new motor vehicles.

Currently, the Clean Air Act requires the EPA to review alternatives for ozone-depleting substances and to approve of substitutes that do not present a risk more significant than other alternatives that are available. Under that authority, the SNAP program proposes to expand the list of acceptable substitutes for ozone-depleting substances (ODS). The proposed substitute is a non-ozone-depleting gas and consequently does not contribute to ozone depletion.

.....

Peterson Celebrates 65 Years

GRANDVIEW, Mo. — Peterson is proud to celebrate the company's 65th anniversary. Since the company's start in 1945, Peterson has produced millions of vehicle safety lights — and more than a few highlights. The company has grown from a tiny manufacturer to an industry leader and introduced some of the best-selling lighting innovations ever designed, according to the company.

Early on, then-president and CEO, Don Armacost Sr., set the company's course on honest, fair dealings with customers, suppliers, and employees. "Our goal is not to be the biggest," he said. "Just the best." His successor, Don Jr., holds to these same values in guiding Peterson today.

Peterson is pleased to celebrate its 65th anniversary. Company officials say they look forward to adding more highlights to Peterson's history.

Dear Fellow Auto Enthusiasts,

I hope you will join us for a special duPont REGISTRY™ Cars & Coffee event on Saturday, November 19th at Innisbrook Resort in Palm Harbor in conjunction with the 1st Annual "Weekend of Exotics & Luxury". The start time is a little later for those of you who have to drive farther – 8:00-10:00 am. It promises to be a fun-filled day, starting out with great cars on the driving range at Innisbrook.

There is no cost for Cars & Coffee registration, and you and your guest will get into the event free of cost. Other spectators will pay \$10.00/person at the gate to enjoy the schedule of events including Cars & Coffee, Food & Wine Festival, etc. The select VIP events do have additional costs associated with them. Please review the attached weekend agenda for more information.

The pre-registration deadline for Cars & Coffee participants is 9/30/11. So, please get your forms into Alan Morin as early as possible. We look forward to seeing you there in November.

Thomas L. duPont
Publisher/Chairman

Dear Fellow MG Enthusiast,

The Southeastern MG T Register is hosting the sixteenth biannual Southeastern Fall Gathering of the Faithful on October 14, 15, and 16, 2011. The theme "Classic Cars, Classic City" will be a 1950's blast from the past and center around the fun of owning and driving our vintage cars.

Located in the heart of Athens, our host hotel, The Foundry Park Inn, is a beautiful historic hotel with on site restaurants and spa. Situated on an ideal location in Athens just blocks from downtown, guests can venture easily to shops and restaurants or take advantage of the stellar food and beverage options on site in the historic Hoyt House. **Please call the hotel directly toll free at (866) 928-4367 to reserve your room at the discounted GOF rate of \$112 per night. This discounted price is only valid until Sept. 14, 2011. You may also make reservations on their website at www.foundryparkinn.com. Select the dates on the calendar, click on the group tab, and enter the group code SO1014 into the box.**

Register for Event before 9/14/2011 to be entered in a drawing for one free hotel night!

Classic Cars... Let's dust off those MGs and get them out in public! Join us for an impromptu car show at the drive in, or a more formal showing Saturday morning. Whatever your pleasure, we've got it covered.

Classic events... Remember the days of picnics, group drives, and the crazy fun of the "Funkana"? We're bringing back these events, along with the popular Valve Cover Races. If you've never driven the obstacles of a funkana or watched someone else drive them, you're missing out! And for those who miss their "pine wood derby" days, the Valve Cover Races are like derby cars on steroids! We also haven't forgotten to include a lazy drive to a beautiful park and picnic site for those who like the open road and a relaxing lunch.

Classic Fun... Whether your idea of fun is relaxing in the open air hospitality room, joining a spur of the moment hula hoop contest, or listening to live music at the Melting Point, you won't be disappointed. The 2011 GOF will be a blast from the past

Tentative Schedule of Events

JACKSONVILLE

Ferman MINI of Tampa Bay Presents the

25th Annual All-British Field Meet and Autojumble October 22, 2011

Main Street – Safety Harbor, FL

Please join the Tampa Bay Austin Healey Club for the **25th Annual All British Field Meet happening on Saturday October 22 in downtown Safety Harbor, FL** - over 240 cars & bikes will be parked along Main Street in the same great location as last year. And if that isn't enough, Friday evening, October 21st, join TBAHC for our "Meet and Greet" at Tapping The Vine, and the City of Safety Harbor is holding it's monthly "3rd Friday night Music Series" celebration. We hope you will join us and enjoy the fun in downtown Safety Harbor on both days. And if you've never been to Safety Harbor, now is your chance to explore the many restaurants and shops in this quaint little town perched on the edge of beautiful Tampa Bay. If you are looking for a fun day for the family, you've found it! (Pets are invited too!).

This Event is Open to the Public Free of Charge

Is Oil Killing Your Car? Solve Your Oil Problem Now

Mr. Moly Oil supplement

Mr. MOLY Engine Oil Supplement is a colloidal suspension of molybdenum disulfide (MoS₂) in a high grade, multi-viscosity engine oil that contains anti-foam agents and corrosion inhibitors. It is NOT an oil modifier. It uses the engine oil to carry the 0.5 micron particles (that's 0.0005 mm diameter) of MoS₂ to critical engine components.

Mr. MOLY Engine Oil Supplement plates onto engine surfaces providing a protective barrier that will sustain loads in excess of 200,000 psi

This thin film of Mr. MOLY prevents metal-to-metal contact between moving parts and effectively eliminates wear. The low coefficient of friction of molybdenum disulfide (MoS₂) allows the plated metal parts to glide by each other with reduced friction and heat. The plating action of MoS₂ ensures that the protection is there even when the oil has drained off. This is particularly important at startup or in the event of oil or coolant failure.

Break-In New/Rebuilt Engine Oil Supplement

Break-In is a soluble molybdenum together with anti-foaming agents and corrosion inhibitors specifically designed to increase the load capacity of oil in the initial and critical first hours of operation in new and rebuilt engines.

Even with extensive machining and honing of the surfaces on new or rebuilt engines, under microscopic view these surfaces (i.e. rings to cylinder wall, cam to lifters) look like two mountain ranges passing over each other. As these peaks pass over each other, they actually weld together and then shear apart, creating tremendous friction and heat. This is the reason why new or rebuilt engines will run at higher than normal temperatures during the break-in period. Break-In helps to eliminate scuffing and scoring and promotes the flowing out of metal high points. These high points are flattened, not broken away.

Break-In is ideally suited for performance type engines in cars and boats where the luxury of a normal break-in period at low speeds is not available. In normal everyday use, the benefit of using Break-In in the engine's early life will ensure a longer life and delay, by thousands of miles, the inevitable costly rebuild.

Other Products available: AS/40 Assembly Compound; Mr. Moly COPASLIP; Manual Transmission Supplement
